Transit dues and transit accommodation for imports and exports.

Part I—Imports.

1. All goods shall be allowed free storage in transit sheds for five days reckoned from the last date of discharge of cargo by the vessel in which they were imported, or in the case of salved goods, from the day following the notification of salvage by the Receiver of Wrecks in the *Fort St. George Gazette*:

Provided that when goods short-landed at Visagapatam are over-carried to another port and brought back to Visagapatam, the free days shall be calculated from the day of the complete discharge of the vessel which brought back the goods, but transit dues on such goods shall in other respects be charged at the rate which would have been applicable if they had been part of the original consignments.

Exceptions.—The following periods shall be excluded from the calculation of free days under this rule:—

(a) Sundays and Chamber of Commerce holidays;

(b) any period during which goods are detained by the Collector of Customs;

(c) any period (to be reckoned from the date of the receipt of the enquiry for the package in the Port Office to the date of its being pointed out to the Port staff) during which the Port authorities are unable to trace the package owing to congestion of accommodation, to wrong sorting or to incorrect tallying; and

(d) any period during which goods are detained by the Health Officer before being destroyed.

2. After the expiry of the free days, transit dues shall, subject to rule 3, be levied at the following rates upon all goods left in the Port premises until their delivery is effected:—

Second week—	
Double the rates leviable for the first week per ton *per diem*.	
Succeeding period—	
Three times the rates leviable for the first week per ton *per diem*.	

Note.—Subject to a minimum charge as for one ton, fractions of a ton not exceeding ½ ton shall be neglected. Fractions of a ton exceeding ½ ton shall be reckoned as one ton.

3. On goods for which the unit of charge in the Port Tariff is 'each', transit dues shall be calculated as a percentage of the landing dues as follows:—

4. Save in the case of dangerous goods, the rates hereinbefore prescribed may be reduced by half when the goods lie in the open without covering of tarpaulin or roof.

5. Any period not exceeding twenty-one days, exclusive of Sundays and holidays, from the date following a vessel's completion of discharge during which goods are detained for survey and are actually certified to have been surveyed either by the Steamer Agents or by the Traffic Manager shall be excluded for the purposes of calculating the transit dues leviable, provided that such goods are removed from the Port premises within 24 hours after such survey.

6. Transit dues shall not be charged on unclaimed goods landed in excess, provided that they are cleared within two months from the date of the complete discharge of the cargo of the vessel from which the unclaimed goods were landed.

7. If at any time the Traffic Manager should apprehend a serious congestion in the transit sheds or other spaces allotted for goods in transit to the detriment of the rapid transit of goods through the Port, he may direct the owners or consignees of any specified goods to remove such goods from the port premises within a given time. Goods not removed within that time may be charged with transit dues not exceeding Rs. 10 per ton per diem until their removal from the Port premises, and if on the imposition of such charge the goods are not removed, the Traffic Manager may cause them to be removed from the transit sheds or other spaces at the expense of the owners and may stack them in any open space within the Port premises at the risk of the owners.

9. After transit dues begin to accrue, no allowances shall be made for Sundays and holidays.

10. Transit dues shall be recoverable on packages which have been landed empty or partly empty.

11. In the case of goods ready for despatch within the free period for which requisition for railway wagons have been made during that period, but which are not removed by rail within that period owing to non-supply of railway wagons and consequently incur transit dues for the second and succeeding weeks, transit dues for the entire period may be levied at the lowest rate applicable to the particular consignment.

12. The Traffic Manager may, in special cases, remit the whole or any portion of the transit dues leviable.

No. 33-T (14).—The report of the Tariff Board on the removal of the revenue duty on pig iron was published for general information to day.

2. The Board found that no case had been made out upon which they could base any recommendation for the removal of the revenue duty on pig iron and that no serious harm would be done to any consumer if the duty were retained until the whole position is re-examined in the next statutory enquiry into the Steel Industry to be held in 1933-34 or earlier. The Government of India accept this finding.

(7) The panchayat shall not excavate earth at any time for any purpose within thirty feet of either toe of the bund of the irrigation work.

(8) Any function in respect of a village irrigation work transferred to a panchayat may, at any time, be resumed by the Local Government without assigning any reason.

(1) The villages in the Agency tracts specified in schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiris district and the Wynaad taluk, Anjengo, Tangasseri and the Attappadi valley of the Malabar district.

(3) The Banganapalle State.

2. Free-tapping licences shall be issued on the application—

(a) of licensed toddy shop-keepers in areas in which the toddy shops are sold by auction or licensed separately;

(b) of persons having the exclusive privilege of manufacture and supply of coconut toddy arrack;

(c) of tappers on their own application in the South Kanara district, provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(d) of tree-owners generally, and of sweet-toddy tappers in the villages of the Agency tracts specified in Schedule I, in the East Godavari district, in the West Godavari district and in the Repalle and Bapatla taluks of the Guntur district, for not more than five trees in the case of tree-owners and three trees in the case of sweet-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale;

(e) of toddy shopkeepers or renters in the Mysore territory, in the Civil and Military Station, Bangalore, and in the Banganapalle State desiring to obtain toddy from trees growing in British territory;

(f) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the Salt and Abkari Inspector of the State; and of toddy renters in the Cochin State; and

(g) of any member of a hill tribe whether a tree-owner or not, residing in Simhachalam, Adivivaram, Madhuravada, and Mudasarlova villages of Vizagapatam taluk or in any of the villages of the Vizagapatam district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (b), (d) and (g), the licences may be issued in the name of the applicant himself or of his nominee, and in cases (a), (c), (f) and (g) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licences must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury or a Taluk treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor. In the case of persons mentioned in rule 2 (a) and (c) the tree tax must be paid into a Government treasury of the taluk in which the shop is situated or to an authorized village munsif in the same taluk, and the renters concerned should affix a declaration in the applications to the effect that they have obtained a licence permanent or temporary for a shop specifying also the name and number of the shop for which trees are to be marked. The shop licenses should be produced before village munsifs in cases where the applications and fees are presented to these officers. Pudukkottai renters, when applying for trees in British territory, must

pay the full tree-tax into a British treasury at the rates prevailing in British territory.

4. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Excise Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Excise Department and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and toppers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head, the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned, along with the application in Form T.T. 3, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping license in Mysore. Applications from Mysore renters for licences for the tapping of trees in villages in the British territory in which there are trees belonging to Government should invariably be got countersigned by the village headman of the village in which the trees are situated in token of the correctness of the entries concerning the ownership of the trees. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier. The procedure for the marking of trees in British territory for toddy shops in the Civil and Military Station, Bangalore, will be similar to that laid down for the marking of trees in British territory for Mysore shops.

(2) Applications for tree-tapping licenses in the South Kanara district should be countersigned by the owner or person in possession of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore and the Civil and Military Station, Bangalore, for the supply of toddy to their shops on payment of the whole of the tree tax in one instalment into the British treasuries of the Madras Government and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will invariably be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

6. (1) Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax into the Koilkuntla Sub-Treasury, the rate being the same as in the Kurnool district. Toddy shopkeepers in Banganapalle State will be allowed to tap trees in the adjoining British territory on payment of tree-tax in the treasury of the taluk in which the trees stand. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

(2) Toddy shopkeepers in British territory adjoining Cochin State may be allowed to tap trees in that State on payment of full tree-tax to that State at the higher of the rates prevailing on both sides of the frontier.

A Cochin State renter applying for trees in British territory must pay full tree-tax in one instalment at the higher of the rates prevailing on both sides of the frontier, into a British treasury, and present to the British Tahsildar or Deputy Tahsildar concerned an application which must be certified or countersigned by the Circle Inspector of the division within whose jurisdiction the shop is situated. The British Circle Inspector to whom the application is forwarded shall have discretion to refuse to comply with an application either wholly or in part. The currency of the licences and permits issued by the British Circle Inspector shall correspond with the periods for which licences for tapping are granted under the tree-tapping rules in force in the Cochin State. The licences and permits issued to the State renter by the British Inspector shall be liable to suspension or cancellation at the request of the Cochin State Excise officer.

7. Persons applying for the issue of licences will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) Unless there are special reasons for refusing to mark the trees, the Inspector on receipt of an application will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and for the issue of the licence. The Inspector may also at his discretion refuse to comply with an application either wholly or in part, if he considers that the trees applied for are in excess of the legitimate demand of the shop. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the East Godavari district, in the West Godavari district, in the Repalle and Bapatla taluks of the Guntur district and in the villages of the Agency tracts specified in Schedule I, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. Toddy shall not be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dudasal (*Areca Wyllie*) trees in South Kanara, tree-tapping licenses shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for cocoanut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th

September immediately following, except in the case of the trees which have been illicitly tapped, on which the full tree-tax may be levied.

12. The following shall be the fees payable on account of each tree for the tapping of which licence is applied for :—

14. Every instalment of tree-tax shall be paid on the first day of the month in which it falls due.

15. For the convenience of applicants, applications will be received from 1st September or 1st March; but no trees will be marked, nor licenses issued, nor preparation of spathes permitted before 15th September or 15th March; nor shall pots be attached to trees before the evening of the 30th September or 31st March, as the case may be. In the case of 'Kodumpalai' palmyra trees tapped at concession rates in the Tinnevelly and Ramnad districts, marking will be allowed from the 25th July.
